Re: ILACUC Protocol 98A0125  
ILACUC Protocol 99A0071  
ILACUC Protocol 2003A0096

This request is made on behalf of the Physicians Committee for Responsible Medicine (PCRM) under the Ohio Public Records Act, R.C. §149.43, et seq. (the "Public Records Act"). PCRM is a non-profit organization based in Washington, D.C., that promotes preventive medicine and ethical and effective medical research. The following request is based on the above-referenced grant protocols.

Drs. Bradford T. Stokes and Jacqueline C. Bresnahan are neurologists at the Ohio State University and investigators listed on the subject protocols that were approved by Ohio State University's Institutional Laboratory Animal Care and Use Committee (ILACUC).

PCRM requests the following:

1. Any photos, videos, audios, etc., taken by the investigators or others for purposes relating to the subject protocols.
2. Any and all photos, videos, audios, etc. submitted to the ILACUC by Drs. Stokes and/or Bresnahan for any reason, regardless of whether they are related to the subject protocols.
3. All animal care and use documents for the subject protocols.

PCRM asks to be kindly notified by telephone as to the cost of responding to this request prior to mailing.

Thank you for your assistance. I look forward to your response.
