RE: Letter sent 22 December 2004

Dear Ms. Frolicher:

I am writing to follow up on your letter to me dated December 22, 2004 from your office as well as a telephone call I made to you on February 4, 2005.

The letter was accompanied by the fulfillment of an Ohio Public Records statute request for documents related to ILACUC Protocols 98A0125, 99A0071, and 2003A0096. The request, in addition to the documents I did receive, sought any videos, photographs, or audios related to the protocols. However, no such items were contained in the fulfillment.

I have reason to believe that these items do exist. Please respond with specific reference to these items and address the question of their absence from the original request fulfillment. If a search was conducted and the video, photograph, or audio items were not found, please detail the search undertaken to find them.

Thank you for your help with this request. Of course we will provide funds to cover all duplication costs associated with the request. Please feel free to contact me should you have any further questions or concerns.

Best regards,
